**"Loving God and People: Reach Out, Care and Socialize"  
An Outreach Activity**

"The true spirit of Christmas is reflected in our dedication to help those who are in need, in giving hope to those in despair, and in spreading peace and love all over the world."

Like the other departments in Aldersgate College, the School of Business and Accountancy, in coordination with the Aldersgate College Child Care and Welfare Association attended and actively participated in the outreach activity with the theme "Loving God and People: Reach Out, Care and Socialize". This was held on December 20, 2010 at Barangay Maasin, Quezon, Nueva Vizcaya.

The simple program started with an opening prayer and was followed by the singing of the National Anthem which was conducted by Ronalyn Olarte, an sponsored child. After these preliminaries, the Barangay Chairman of Maasin welcomed us heartily to their community and expressed his grateful appreciation for the good things AC has been doing for the young constituents of Maasin. The sponsored children in turn presented various intermission numbers which showcased their talents in dancing and singing. Pastor Nestor Umlano and Pastor Willy Calapiaso delivered Christmas messages that extolled God's great love to us and how we should share this love to other people.

Meanwhile, the fourth year SBA students facilitated the

values formation activities for the high school sponsored children and shared some words of wisdom and encouragement to the young teens. The young teens were very cheerful in doing all the activities that we have prepared for them. The third year SBA students, on the other hand, facilitated the values formation activities for the elementary sponsored children. They also shared some short stories about Jesus, setting Him as a perfect example of a good boy during His childhood.

A lot of games were prepared by the students which were played after lunch. Some of which are the called "Bring me" and "Blowing the cone". A corresponding prize was given to all the winners of the different games. The second year SBA students facilitated in this part of the program and most of them joined the children in playing the games. An overflowing joy and excitement were pictured on the children's faces in every winning they made and so with the parents who are watching their children as they compete to win the game.

The last part of the program was the sharing by the SBA students of some goods that they have brought there as an early Christmas gift to the sponsored children aside from the prizes they have won in the games. The thirty eight SBA students who attended and participated in this event provided fifty four packs of assorted items which consist of two

packs of noodles, one canned good, 250 grams of sugar and a 50 gram sachet of bear brand milk.

An unexplainable feeling of happiness was felt by every student who participated in this event not only because they have enjoyed the games but also due to the fact that they made other people happy out of the little amount of goods that they have shared with them. The money worth of what they have given is not what matters most but the time and love they give to people who are in need. May the Peace, Joy, and Love that the Yuletide Season brings be with us all today and always.
